

## Enterprise Grid Computing Symposium

Date: 30 March 2007 (Friday)  
 Time: 9.00am to 5.00pm  
 Venue: Possibility Room, Level 5, NLB Building, 100 Victoria Street  
 Target audience: Business & Industry

Time	Programme
8:30am-9:00am	<b>Registration and Coffee</b>
9:00am-9:10am	<b>Welcome</b>
9:10am-9:20am	Invited Address
	Khoong Hock Yun, Assistant Chief Executive, IDA
9:20am-10:00am	Enterprise Grid Computing
	Kevin Walsh - Senior Vice President, R&D, Oracle
10.00am-10.40am	Technology & Market Forces Leading To & Challenging Grid
	Jason Tan - Director, HP Singapore
10.40am-11.00am	<b>Morning Coffee</b>
11:00am-11:40am	Peta Scale Grid Computing - Value to Businesses
	T. Mohandoss - Regional Director, Government, Education & Healthcare, Asia South, Sun Microsystems
11:40am-12:20nn	Multi-core Processor Architectures for Grid Computing
	Adesh Gupta - Regional Platform Architecture Manager, Asia Pacific, Intel
12:20nn-13:00pm	<b>Lunch Break</b>
13:00pm-13:40pm	A Service-Oriented Storage Grid : Beyond Storage Virtualisation
	Bruce Moxon - Senior Director, Strategic Technology, Network Appliance
13:40pm-14:20pm	High Performance Computing Solutions
	Stan Nguyen - Director, Enterprise Technologist, Dell APJ
14:20pm-15:00pm	Enterprise Grid Portals
	Rajesh Chhabra - Program Manager India (Enterprise Computing), Altair Grid Technologies
15:00pm-15:40pm	<b>Afternoon Coffee</b>
15.40pm-16.20pm	IT Agility with Enterprise Grid
	Laurence Liew - Director, Open Source Grid Development Centre, Platform Computing Singapore
16.20pm-17.00pm	Panel Discussion: Challenges in Enterprise Grid Computing [Moderator: TBA] (Confirmed Panelists : Speakers from : Sun, IBM, Dell, Platform, Altair, Intel)
17.00pm-17.10pm	<b>End of Symposium</b>
